The Dual Language Immersion Program in Provo City School District gives elementary students the opportunity to gain high levels of proficiency in an additional language. The program is open to students of varying backgrounds and all ability levels.

Dual language immersion students:
- learn a second language better
- develop enhanced cognitive skills
- have increased cultural sensitivity
- are better prepared to work in the global economy

Applications and information about dual language immersion can be found at:

Much of the information given at these meetings is similar. If you are not able to attend on the date of your preferred language, you may attend another night to learn about the process.

IF YOUR BOUNDARY SCHOOL DOES NOT HAVE AN IMMERSION PROGRAM YOU CAN STILL APPLY...
Students who live outside of the desired boundary must complete the Open Enrollment Application found on line at studentservices.provo.edu
